

IMPACT-A-TRACK™ REFLECT

Figure 1: Impact-A-Track Reflect installed over door track

The Impact-A-Track Reflect is a cost-effective protection solution for sectional door tracks. Its design helps keep damage in high traffic areas of warehouse from forklifts, pallet jacks and other equipment to a minimum. Like the LED version, the Impact-A-Track Reflect comes in a set of two.

Design Highlights

- High-visibility, reflective yellow safety strips
- Wrap-around design allows for easy door operation
- Anchors to wall to avoid drilling into floor
- Compatible with photo eyes
- Impact, rust and moisture resistant
- Low-profile design does not impede on door opening
- This product carries a one (1) year limited warranty with APS Resource
